Over the past 12 months the pickleball courts at Guthrie Park have provided many of us a healthy new addiction, new friendships and a great way to enjoy the outdoors. With an average of 15-20 players daily the already depleted courts have endured substantial wear-and-tear and the time is now for us to improve the quality of the facility, which will improve our quality of play while attracting more players. The total cost of the project is \$40,000 and our goal is to have funds raised by June 30 - with Phase 1 being funded in Summer 2021 and Phase 2 by Winter 2022.

Donations of any amount make a difference and will help keep our community active, connected and fun! Donations of \$125 or more will receive the following special recognition:
